In a conversation conducted with Mr. Roland Clifton DeBerry (son of Jessie Bell Allen DeBerry) on 23 July 2006 at his residence in the Pine Forest Rest Home at Potecasi, NC, he noted that the two unmarked graves are those of George Eldrige and Ada Smith Allen's two oldest children, Alexander and Videna Allen. Mr. DeBerry's information is considered authoritative because he lived in the household from infancy (he was orphaned at just over one year of age and was raised by his grandmother, Ada Smith Allen) until early adulthood and personally maintained the cemetery until recent years.
